

How to find St. Mary's community Nursery School (two pages):

If you are visiting our school please do not go to the reception in the Primary School they will know nothing of visit and may send you away. Please follow the directions listed below.

1 of 6:

If arriving by car the lay by in front of the school is probably the best place to park. As with all schools parking is limited and if you can walk or use public transport it is much easier.

2 of 6:

This is the view from the road. The pedestrian pathway is to the left of the red gates. Our school is in the background of this picture you will need to follow the pathway all the way to our school.

If you look very closely to the right of the building with three windows in the centre of the picture, and above the top of the grey people carrier, you may be able to make out the white sign on our building.

3 of 6:

You are now on the pathway to our school. You need to follow this pedestrian pathway all the way to our school.

If you look closely at this photograph you can see the white sign on our building above the cars. This is where you are headed.

4 of 6:

There is a wooden gate across the pathway with our sign next to it. Please go through the gate to the next gate.

At this stage you should be able to make out the white sign with black lettering on the corner of our building.

5 of 6:

Our Main Gate with a 'Welcome' sign next to it.

Please go through the gate and you will find the Main Entrance to the left of the building.

6 of 6:

This is our Main Entrance. Please ring the bell and someone will let you in.

The bell is on the bottom of the metal box to the left of the door. You can see the arrow on the sign showing where it is.

If the Main Entrance does not look this then you have gone to the wrong school!

If you get lost please telephone the school on 01244 981222
